DETAILED ACTION

A request (filed 28 July 2003) for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4 28 July 2003 has been entered. Also, note that applicant's request for extension of time of two months has been entered. Also, note that the items 26-30 of the IDS filed 2 July 2001 were not considered in the previous Office action now are considered (see signed and dated page 4 of PTO-1449 of the IDS thereof).

In view of that applicants canceled claims 2-7 of co-pending Application NO: 10/079075 and amended all the independent claims in said application, i.e., canceled SEQ ID NOs: 1-3 in said independent claims, provisional rejection –obviousness type double is therefore withdrawn.

This Office action is in response to (i) applicants' amendments filed 28 July 2003, which amends claims 18, 22-24 and adds new claims 28-45, and (ii) applicants' amendment filed 13 December 2002. The above amendments have been entered. Note that the newly added claims 28-45 are canceled by applicants without prejudice; the subject matter of these claims are to be filed subsequently in a further continuation application as indicated in the attached Interview Summary.

The pending claims 1-27 are therefore examined in this Office action.

EXAMINER'S AMENDMENT

An Examiner's Amendment to the record appears below. Should the change and/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than payment of the Issue Fee.

Authorization for this examiner's amendment was given in a telephonic interview with Rochelle K. Seide, on November 20, 2003.

Amendments to the claims:

Art Unit: 1653

Claim 11 (*amended*): change “physiologic salt “ to “physiological salt .”.

Cancel claims 28-45.

Note that renumbering claim 23 (previous) to claim 24 (current) results in change of the recitation in claim 24 (current); i.e., change “of claim 24” to “of claim 23”.

Conclusion: claims 1-27 are allowable over the art of record.
